INSTRUMENTATION • PROCESS EQUIPMENT

Rosemount Measurement
MicroMotion Coriolis Mass Flow
Rosemount Analytical
Flow, Level, Pressure, Temperature,
Analysis

Point and Continuous Level
Thermal Mass Flow

Variable Frequency Drives
Motor Protection, Soft Starts
Motion Control

Magnetic Level Indicators

Jordan Regulators and Control Valves
Seriflow Regulators and Control Valves
LowFlow Regulators and Control Valves

Variable Area Flowmeters

Precision Gas Controls
Gas Cylinder Regulators

Turbine Flowmeters
Positive Displacement Flowmeters

2-3-4 Way Solenoid Valves
Process Control Valves

Wireless Systems
I/O, Controllers and HMI's
Automation Components
Surge Suppression

Precision Pneumatic Controls
I/P Transducers

Process Weighing Systems
Floor and Platform Scales
Load Sensors

Pressure Gauges and Transducers

Precision Pressure Gauges,
Calibrators and Transducers

Gamma Level and Density Instruments

Thermoplastic Valves and
Regulators

Vibration Monitoring and Protection

Infrared Temperature Instruments

Start-Up, Calibration, Re-Certification,
Diagnostics and Repair, Service
Contracts

Ultrasonic Density and
Concentration

Electric Heaters

Positive Displacement Flowmeters

Online Process Spectrophotometers
